N. D. M. C.

Revenue & Power Department

Sub: Power Purchase Adjustment Charges – Regarding.

On the basis of PPAC formula approved by the Commission, PPAC for the 3rd Quarter of the year 2018 i.e. from July'18 to September'18 has been worked out and comes out to 6.99%.

As per Business Plan Regulations-2017, "In case PPAC exceeds 5% for any quarter, the Distribution Licensee may levy 4.50% without going through the regulatory proceedings and shall file an application for prior approval of the Commission for differential PPAC claim (Actual PPAC % - 4.50%)" [Point No. 4 (b), Pg-21 of Business Plan Regulation 2017]. However, this computation of PPAC is to be first uploaded on Discom's website before it is levied (Point No. 5, Pg-21 of Business Plan Regulation 2017).

DERC has been intimated as required under Business Plan Regulations-2017. Commercial Department may kindly be asked to:

- a) Ensure that PPAC to be levied in Consumers Bills is first uploaded on NDMC website.
- b) Levy 4.50% of PPAC worked out for 3rd Quarter of the year 2018 as per provisions in Business Plan Regulation-2017 of DERC.

Submitted for further necessary action please.
