Dual 15" Two-way sound Reinforcement Loudspeaker System

FEATURES

- low frequency drivers with a 64 mm (2.5 in) diameter edge wound ribbon voice coil which provides more cross sectional wire area in the voice coil gap than round wire designs, for greater efficiency and power handling.
- JBL 2414H-C 25 mm (1 in) polymer diaphragm compression driver improves high frequency performance as well as system reliability.
- The advanced network topology crossover design shapes frequency response and delivers coherent summation in the crossover region.
- A "Quasi 3-Way" design offers the extra bass for which a dual fifteen system is designed, but without sacrificing performance in the critical mid-range. The upper woofer produces mid-frequencies and bass, while the lower woofer concentrates on bass only. The reduction in mid-range phase cancellation greatly improves midrange sound quality and coverage.
- High-voltage capacitors and inductors with massive cores and heavy gauge wire enable the crossover network to handle high power without saturating.
- Progressive Transition[™] high frequency waveguide provides superior coverage control, reduced distortion, and smoother frequency response.
- The rugged, acoustically superior enclosure is constructed from 19 mm (.75 in) MDF (Medium Density Fiberboard) using advanced adhesives and mechanical fastener technology for extreme durability and improved low-frequency performance.
- Sonic Guard[™] protects the high frequency driver from excess power without interrupting the performance.
- Non-resonant, all-steel handles are used.
- Attractive 18-gauge perforated, steel grille protects components from damage.

Award of Contract

Prior to the expiry of the period of bid validity, the Purchaser will notify the successful bidder in writing that its bid has been accepted. The letter of award will constitute the formation of the Contract.

Termination for Default

The Purchaser may without prejudice to any other remedy for breach of contract, by written notice of default sent to the Bidder, terminate the contract in whole or in part.

If the Bidder fails to deliver any or all of the Goods within the time period(s) specified in the contract.

Or

> If the Bidder fails to perform any other obligation(s) under the contract.

Force Majeure

The Bidder shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if the delay in performance or other failure to perform its obligations under the contract is the result of an event of Force Majeure. For purposes of the clause, "Force Majeure" means an event beyond the control of the Bidder and not involving the Bidder's fault or negligence and not foreseeable. Such events will include wars, revolutions, fire, floods, epidemics, quarantine and freight embargo's.

Termination for insolvency

The Purchaser may at any time terminate the contract by giving written notice of 30 days to the bidder, without compensation to the bidder, if the bidder becomes bankrupt or otherwise insolvent, provided that such termination will not prejudice or affect any right to action or remedy which has accrued or will accrue thereafter to the purchaser.

Governing Law

This Contract including the Contract Documents shall be governed by and construed in accordance with the laws of India and the New Delhi Courts shall have jurisdiction in this regard.

Risk & Costs

If the bidder backtracks to carry out any/all services under scope of work then PSOI has the right to award the same work on his risk & cost to one of the bidders participating in the bids or from open market. It will also result in cancellation of award, forfeiture of EMD and encashment of Performance Bank Guarantee without assigning any reason to the firm.

Copyright

All rights including the Intellectual property rights subsisting in any material including to any tools, utilities or methodologies belonging to the Supplier and used to perform the obligations under this Agreement and any additional or new

inventions made in the course of performance of services hereunder by the Supplier shall remain vested with the PSOI.

Sub-Letting of Contract

The contractor shall not sublet, transfer or assign the contract or any part thereof without the written permission of the PSOI, in the event of the contractor contravening this condition, the PSOI, shall be entitled to place the contract elsewhere on the contractor's account and at his risk and the contractor shall be liable for any losses or damage which the contractor may sustain in consequence or arising out of such replacing the contract.

Liquidated Damages

If the supplier fails to deliver any or all the Goods or perform the services within the time period specified in the contract or leaves the job incomplete or refuses to complete the work or takes more time than the schedule fixed, the Purchaser shall without prejudice to its other remedies under the contract, deduct from the contract price, as liquidated damages, (not by way of penalty) a sum equivalent to 0.5% (half) percent of the price of the contract price or each and every week (part of a week being treated as a full week) of delay until actual delivery or performance, up to a maximum deduction of 10% (Ten percent) of the total contract price.

Transportation

The Bidder/Supplier shall be required to meet all transport and storage expenses until delivery, installation/ implementation and during currency of the contract at PSOI sites in Delhi.

Future Updates

The Bidder/Supplier is required to provide, install and commission software up gradations/ enhancements from time to time, during project duration free of cost to Purchaser. Any up gradation in application shall be made available to PSOI without any additional.

All the incidental expenses for making systems operational will be the sole responsibility of vendor without any additional cost.

Proprietary Rights

The Bidder/Supplier shall indemnify the Purchaser against all third party claims of infringement of patent, copyright, trademark, license or industrial design rights and other intellectual property rights, material piracy arising from use of the goods or any part thereof in the Purchaser's country.

Assignment

The supplier shall not assign, in whole or in part its obligations to perform under this contract, except with the Purchaser's prior written consent.

Performance Security Deposit

The contractor shall have to give Security Deposit along with the acceptance of work order, which shall be equal to 5% of the total work order amount to PSOI within 15 days of notification of award. The security deposit can be in the form of
