

## **ROOFTOP SOLAR EXPRESSION OF INTEREST**

NDMC is a DISCOM for area under its jurisdiction NDMC has been identified for Solar City Project by MNRE GOI. A master plan has been drawn for rooftop solar energy generation & injection to NDMC grid. NDMC has signed a MOU with SECI for development of Solar rooftop on the NDMC building for which DPRs were prepared through a consultant.

NDMC now proposes to appoint a operator to identify, design, erect, install, test & Commission rooftop solar units on all Govt. building & private buildings on RESCO framework as defined by MNRE.

NDMC will procure all the solar power generated by the operator to NDMC grid on DERC determined rates. The operator will be appointed on basis of bid price quoted for annual rental it proposes to pay for per sq foot of rooftop or any surface in ownership with private individual/company or a Govt. institution. NDMC will act as a model agency to ensure timely payment to premise owner & will also ensure timely payment for injected owner to the NDMC grid.

Companies having technology & resource may send their willingness to participate in a closed bid by forwarding their track record as monetary value of Solar capacity installed, networth, collection capability, dept repayment capability latest by 10.07.2014 to the following address;
